Mr. John Balkema, President
Randolph Farms, Inc.
7256 West CR 600 South
Modoc, Indiana 47358

Dear Mr. Balkema:

Re: Approval of Minor Modification to
Solid Waste Facility Permit FP 68-01
Randolph Farms Landfill
Randolph County

Randolph Farms, Inc., is hereby granted a minor modification to solid waste facility permit FP 68-01, pursuant to IC 13-15-1-3, IC 13-15-7-1, 329 IAC 10-11-6 and 329 IAC 10-13-6. This decision is based on the minor permit modification application submitted to the Indiana Department of Environmental Management (IDEM) on October 1, 2007, and all subsequent amendments and addenda to the application.

This minor permit modification allows Randolph Farms, Inc., to modify both the facility and solid waste boundaries of the facility, resulting in an acreage increase from approximately 155.1 acres to approximately 156 acres, and an airspace gain of approximately 23,000 cubic yards, subject to the terms of this letter and the enclosed requirements. In accordance with 329 IAC 10-13-4, solid waste facility permit FP 68-01, as amended by this minor permit modification, does not authorize: any injury to any person or private property; the invasion of other private rights; the infringement of federal, state, or local laws or regulations; nor preempt any duty to comply with other state or local requirements.

The solid waste facility referenced above is located on CR 600 South one half (1/2) mile east of SR 1.

Pursuant to IC 4-21.5, a Petition for Review of this minor permit modification letter may be initiated by you, as applicant, or by an "aggrieved or adversely affected person." This decision becomes effective once all applicable time periods for petitioning for Stays of Effectiveness have expired, unless you are notified in writing by an Environmental Law Judge that the minor permit modification has been further stayed. As discussed in our enclosed Notice of Decision, if you wish to challenge this decision, you must file a Petition for Review with the Office of Environmental Adjudication within 18 days from the date that this letter was mailed, pursuant to IC 4-21.5-3-7.

If you have any questions or comments about your application or the permitting process, call (800) 451-6027, press 0 and ask for John Hale or extension 2-8871, or call direct at 317/232-8871.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas Linson", written in a cursive style.

PERMIT REQUIREMENTS

The minor modification was submitted to our office on October 1, 2007, which proposes to modify both the facility and solid waste boundaries as a result of a 200-foot setback. The new acreage is approximately 156 acres vs. 155.1 acres previously approved.

1. The permittee shall comply with all the permit conditions that pertain to any previous major modification, minor modification, and the renewal, unless otherwise specified by this minor modification.
2. The revised facility and solid waste boundaries shall be those shown on sheet 1 of 1 entitled "2007 Proposed Modified Legal Descriptions Facility Boundary and Solid Waste Boundary" dated September 2007 and received by IDEM on October 1, 2007.
3. The new approved acreage for this facility is approximately 156 acres.
